

5th Conference on Cereal Biotechnology and Breeding

Jointly organised with the Cereals Section of EUCARPIA

November 4–7, 2019
Budapest, Hungary

EUCARPIA

In November 2019 we will organise the 5th CBB Conference (CBB5) which will be held in the wonderful historical city of Budapest.

The event will be jointly organised with the Cereals Section of EUCARPIA - the European Association for Research on Plant Breeding Research. EUCARPIA aims to promote scientific and technical co-operation in the field of plant breeding in order to foster its further development.

Invited speakers

Åsmund Asdal
Norway

Elena
K. Khlestkina
Russia

Simon Griffiths
UK

Viktor Korzun
Germany

Yvan
Moënne-Loccoz
France

Klaus Pillen
Germany

Jochen Reif
Germany

Nils Stein
Germany

Venue

The conference will be organized at Central European University (CEU), located in the heart of Budapest, within steps of the Basilica, the Hungarian Parliament and the Danube, is a premier destination for conferences and events.

We reserve the right to change.

The CBB5 Conference will provide excellent presentations covering five topics

- + Plant Genetic Resources for Future Breeding
- + Adaptation to Changing Environments
- + Plant-Microbes Interactions: Stress vs. Benefit
- + New Breeding Strategies and Bioinformatic Tools
- + Modern Technologies: From Phenomics to Genome Editing

Important dates

- Abstract submission deadline:** July 15, 2019
- Abstract notification deadline:** August 1, 2019
- Early bird registration and author payment deadline:** August 15, 2019
- Standard registration deadline:** September 30, 2019
- Late registration from:** October 1, 2019

We wish to welcome you to Budapest!
